ABSTRACT

AN ERROR ANALYSIS IN USING RELATIVE CLAUSE OF THE SECOND YEAR STUDENTS OF SMK PURNAMA 2 BANYUMAS IN ACADEMIC YEAR 2011/2012

By:

RIJAL AN NASHIR

0601050091

The aims of this research were (1) to find out the relative clause mastery of the second students of SMK Purnama 2 Banyumas, (2) to find out the typical error made by students

The method used was descriptive through test. The data were taken in August 2011 from the second year students of SMK Purnama 2 Banyumas. The number of population was 150 students from six classes. The research took 27% of the population as the sample of this research, which consisted of 40 students through random sampling. After conducting, the research was relieved that An error analysis in using relative clause of the second year students of SMK Purnama 2 Banyumas in academic year 2011/2012 was poor category because correct the answer was 26.5%. It was found that the percentage of the students' error was 75%. The errors made by students' because they were still have difficulty in understanding and mastery the language adequately and structure grammar rules especially in using relative clause.
